

Centre for Trophoblast Research Annual Trophoblast Meeting 13th-14th July 2015

The CTR Annual Trophoblast Meeting is aimed at basic scientists and academic clinicians with an interest in pregnancy research.

The event takes place over one and a half days in Cambridge at St John's College, and features:

Monday 13th July: an afternoon of presentations selected from delegate submissions. To register your interest in presenting new data email your abstract to eph25@cam.ac.uk by 10th May, 2015.

Tuesday 14th July: a themed day focused on ***Animal Models of Pregnancy Complications***.

Speakers include: Jay Cross, Hayley Dickinson, Daniel Vaiman, Marika Charambolous, Pascal Chavatte-Palmer and Lynda Harris.

Dinner at St John's College Monday 13th July (optional).

£75 early bird offer for non-CTR members booking before 30th May*

Visit www.trophoblast.cam.ac.uk
for online booking and further information

*does not include dinner. Delegate fee rises to £100 after 30th May
